

RAIN BARREL & COMPOST BIN SALE

**Limited Numbers Left—
Get one now while supplies last!**

Interested in saving on your water bill, growing a healthier, greener and more bountiful garden while you're helping the environment?

Rain Barrels (55 gallon) \$60 (\$150 Value)

Using **rain barrels** reuses stormwater from rooftops and diverts water from storm drains, de-creasing the impact of runoff to streams and minimizing sewer overflows during heavy rainfall.

Compost Bins \$50 (\$100 Value) (11 cubic foot/311 liter capacity)

In addition to creating a nutrient rich soil for yards and gardens, **composting at home** means residents will dispose of less material in their waste, diverting a large percentage of materials from our landfills. Compost can also reduce the amount of water needed and helps improve resistance to both plant diseases and insect pests.

Compost Aerator Tool \$15
Kitchen Scrap Pail \$10
